Five Facts about ATD you need to know

Business

To be the most connected and insightful automotive solutions provider.

Aligned with your business, from the first mile to the last

We've been helping customers grow their business while serving America's drivers across the United States since 1935. Our purpose is to help our customers thrive and drive into the future. So how many miles a year does our fleet drive? How many customers do we have? When you're almost 90 years old, you think you know everything, right? Read along to learn some facts about ATD that may even surprise you.

1,600 private fleet vehicles.

Our fleet of 1,600 private vehicles drive over 53 million miles a year. We take a customer-focused approach to supply-chain and tire distribution, giving customers more control over purchases and delivery timing. We're leveraging our ability to bring the full spectrum of last mile capabilities, including data and analytics, 3PL, route density, and dynamic route optimization. We have a combination of 120
