All organizations operating in the U.S.A. are eligible to submit nominations – public and private, for-profit and non-profit, large and small. ATD was selected from more than 3,700 nominations as a result of its innovative products, such as Spark and Radius, and its business acumen focused on increasing productivity and continuously enhancing its customer experience.

Following years of strategic improvement and evolution, ATD's customer support team was honored with a Bronze Stevie® Award for its achievements. With cutting-edge technology and data-driven insights, this team is focused on understanding customers' needs and delivering unparalleled value. The Stevie Awards for Sales & Customer Service are the world's top honors for customer service, contact center, business development and sales professionals. The Stevie Awards organizes nine of the world's leading business awards programs, also including the prestigious American Business Awards® and International Business Awards®.

The 2024 Environment + Energy Leader Awards celebrate the companies and organizations that demonstrate environmental stewardship through innovative and sustainable initiatives. This award recognizes ATD's use of its artificial intelligence (AI)-driven Greenhouse Gas (GHG) emissions data platform to track emissions for its own operations as well as for suppliers and customers, creating the opportunity for greater impact, which represents a significant step towards sustainable operations.
